Nº1 STATEMENT

A BRIEF INTRODUCTION

/ Anna Impson is a front-end web developer seeking to contribute and grow in a junior web development role. She works well in a team environment, consistently meets deadlines, and has an eye for detail.

She is a quick learner and is eager to gain knowledge and acquire new skills.

Nº2 DEV. SKILLS & EXPERIENCE

THE IRON YARD

/ The Iron Yard is an immersive front-end development course that teaches students modern technologies and best practices. During the three month course, students completed daily assignments and projects that tested their development knowledge and skills.
